INDEPENDENT AUDITOR'S REPORT

To the Board of Education of the
Clearfield Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Clearfield Community School District, Clearfield, Iowa as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Clearfield Community School District at June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated October 26, 2006 on our consideration of the Clearfield Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 12 and 31 through 32 are not required parts of the basic financial statements, but are supplementary

Members American Institute & Iowa Society of Certified Public Accountants

information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Clearfield Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (which are not presented herein) and expressed an unqualified opinion on those financial statements. Other supplementary information included in Schedule 1, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOLTE, CORNMAN & JOHNSON, P.C.

October 26, 2006

MANAGEMENT'S DISCUSSION AND ANALYSIS

Clearfield Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2006 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$1,132,314 in fiscal 2005 to \$1,230,111 in fiscal 2006, while General Fund expenditures decreased from \$1,284,860 in fiscal 2005 to \$1,231,895 in fiscal 2006. This resulted in a decrease in the District's General Fund balance from \$282,042 in fiscal 2005 to a balance of \$280,258 in fiscal 2006, a decrease of less than 1% from the prior year.
- The increase in General Fund revenues was attributable to an increase in state grant revenue in fiscal 2006. The decrease in expenditures was due primarily to a decrease in regular instruction expenditures.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Clearfield Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Clearfield Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Clearfield Community School District acts solely as an agent or custodial for the benefit of those outside of the School District.

Notes to the financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-1
Clearfield Community School District Annual Financial Report

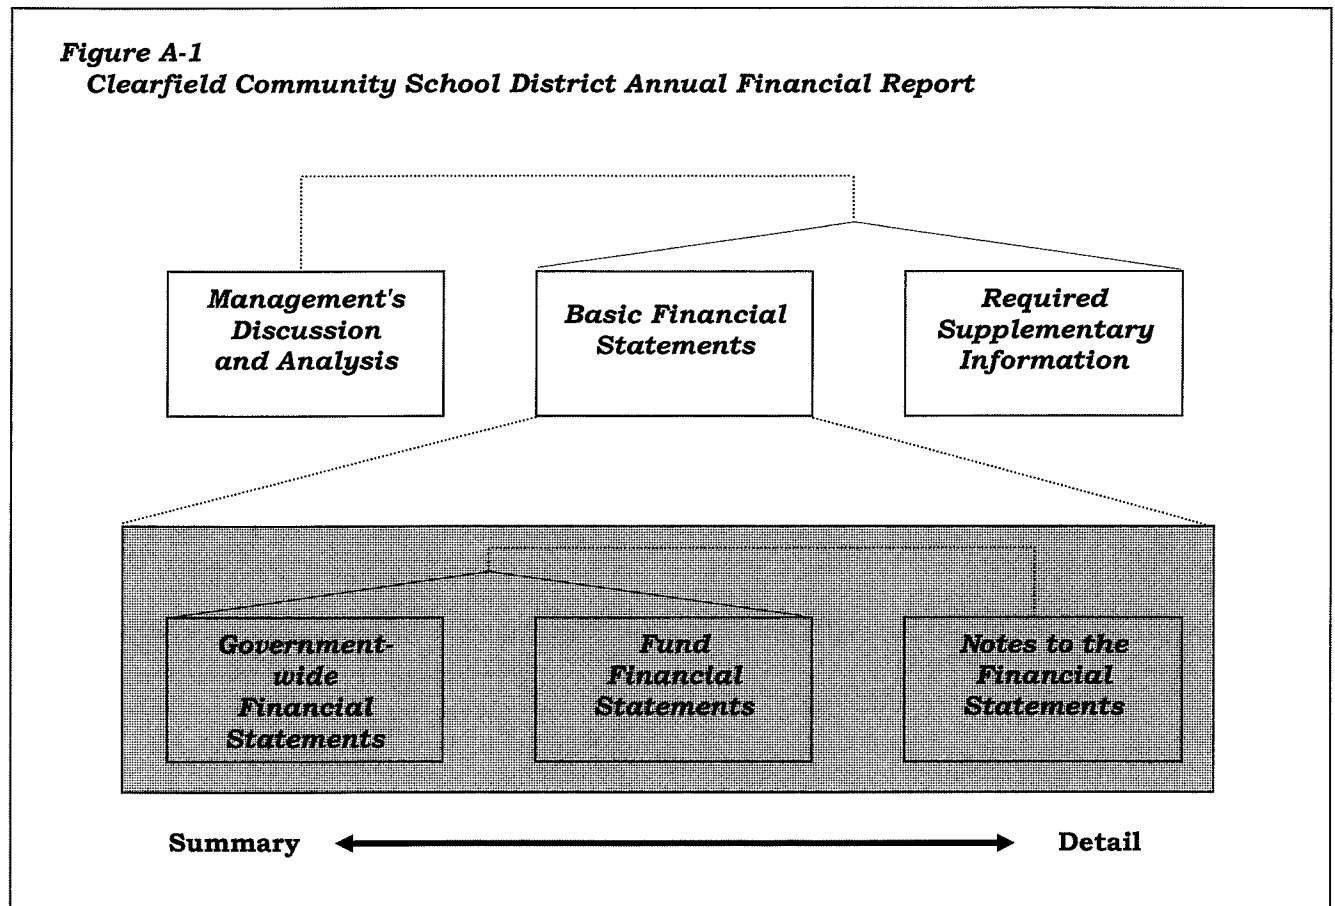

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2			
Major Features of the Government-wide and Fund Financial Statements			
	Government-wide Statements	Fund Statements	
		Governmental Funds	Proprietary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Activities the district operates similar to private businesses: food services and adult education
Required financial statements	<ul style="list-style-type: none"> • Statement of net assets • Statement of activities 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> • Statement of Net Assets • Statement of revenues, expenses and changes in net assets • Statement of cash flows
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/ liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business-type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has two kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund and Special Revenue Funds.

The required financial statements for the governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's enterprise funds, one type of proprietary fund, are the same as its business-type activities, but provide more detail and additional information, such as cash flows. The District currently has one enterprise fund, the School Nutrition Fund.

The required financial statements for the proprietary funds include a statement of revenues, expenses and changes in net assets and a statement of cash flows.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2006.

Figure A-3
Condensed Statement of Net Assets

	Governmental Activities		Business-Type Activities		Total School District		Total Change
	June 30,		June 30,		June 30,		June 30,
	2006	2005	2006	2005	2006	2005	2005-06
Current and other assets	\$ 963,692	963,961	1,433	2,896	965,125	966,857	-0.18%
Capital assets	113,620	92,190	1,514	1,753	115,134	93,943	22.56%
Total assets	1,077,312	1,056,151	2,947	4,649	1,080,259	1,060,800	1.83%
Long-term obligations	338	300	0	0	338	300	12.67%
Other liabilities	511,390	508,622	0	23	511,390	508,645	0.54%
Total liabilities	511,728	508,922	0	23	511,728	508,945	0.55%
Net assets:							
Invested in capital assets, net of related debt	113,620	92,190	1,514	1,753	115,134	93,943	22.56%
Restricted	140,002	146,061	0	0	140,002	146,061	-4.15%
Unrestricted	311,962	308,978	1,433	2,873	313,395	311,851	0.50%
Total net assets	\$ 565,584	547,229	2,947	4,626	568,531	551,855	3.02%

The District's combined net assets increased by 3.02%, or \$16,676, over the prior year. The largest portion of the District's net assets is the invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets decreased \$6,059, or 4.15% over the prior year.

Unrestricted net assets – the part of net assets that can be used to finance day –to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – increased less than 1% or \$1,544.

Figure A-4 shows the changes in net assets for the year ended June 30, 2006.

Figure A-4 Changes of Net Assets

Other financing sources, net	0	350	0	0	0	350	-100.00%
Change in net assets	18,355	(154,132)	(1,679)	(5,832)	16,676	(159,964)	-110.42%
Net assets beginning of year	547,229	701,361	4,626	10,458	551,855	711,819	-22.47%
Net assets end of year	\$ 565,584	547,229	2,947	4,626	568,531	551,855	3.02%

In fiscal 2006, property tax and unrestricted state grants account for 61.3% of the revenue from governmental activities while charges for services and operating grants and contributions account for nearly 100% of the revenue from business type activities.

The District's total revenues were approximately \$1.36 million of which \$1.33 million was for governmental activities and \$.03 million was for business type activities.

As shown in Figure A-4, the District as a whole experienced an increase of 8.84% in revenues and a 4.73% decrease in expenses. The decrease in expenses was related to the decrease in instructional costs during the year.

Governmental Activities

Revenues for governmental activities were \$1,325,985 and expenses were \$1,307,630. In a difficult budget year, the District was able to balance the budget by trimming expenses to match available revenues.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional and other expenses.

Figure A-5
Total and Net Cost of Governmental Activities

	Total Cost of Services	Net Cost of Services
Instruction	\$ 870,868	454,204
Support services	371,163	371,163
Non-instructional	225	225
Other expenses	65,374	30,544
Totals	<u>\$ 1,307,630</u>	<u>856,136</u>

- The cost financed by users of the District's programs was \$49,319.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$402,175.
- The net cost of governmental activities was financed with \$480,334 in property tax, \$45,859 in local option sales tax, \$332,968 in unrestricted state grants, and \$15,330 in interest income.

Business-Type Activities

Revenues of the District's business-type activities were \$32,947 and expenses were \$34,626. The District's business-type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Clearfield Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balance of \$419,491, below last year's ending fund balances of \$426,866.

Governmental Fund Highlights

- Despite the increase in revenues and decrease in expenses, expenses still exceeded revenues allowing the General Fund financial position decrease from \$282,042 to \$280,258.
- The Management fund balance increased from \$36,869, in 2005, to \$50,157 in 2006, due to an increase in property taxes during the year.
- The Physical Plant and Equipment Levy (PPEL) fund balance decreased from \$46,685 to \$6,141 due primarily to the expenses exceeding revenues.

- The District's Capital Projects fund balance increased from \$61,270 to \$82,935 due primarily to increased local option sales tax revenues as well as limited spending of the funds balance during fiscal year 2006.

Proprietary Fund Highlights

The School Nutrition Fund net assets decreased from \$4,626 at June 30, 2005 to \$2,947 at June 30, 2006, representing a decrease of approximately 36.3%.

BUDGETARY HIGHLIGHTS

Over the course of the year, the District amended its annual budget one time to reflect additional expenditures associated in the other expenses function.

The District's revenues were \$143,775 less than budgeted revenues, a variance of 9.6%. The most significant variance resulted from the District receiving less in state sources than originally anticipated.

Total expenditures were less than budgeted, primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2006, the District had invested \$115,134, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This amount represents a net increase of 18.41% from last year. More detailed information about capital assets is available in Note 3 to the financial statements. Depreciation expense for the year was \$21,987.

The original cost of the District's capital assets was \$408,292. Governmental funds account for \$400,277 with the remainder of \$8,015 in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the land improvements category. The District's land improvements totaled \$17,252 at June 30, 2005, compared to \$56,170 reported at June 30, 2006.

Figure A-6
Capital Assets, Net of Depreciation

Total	\$	113,620	92,190	1,514	115,134	93,943	18.41%

Long-Term Debt

At June 30, 2006, the District had long-term debt outstanding of \$338 in compensated absences. (See Figure A-7) More detailed information about the District's long-term liabilities is available in Note 4 to the financial statements.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of this circumstance that could significantly affect its financial health in the future:

- Declining enrollment is negatively impacting the District's spending authority. Contractual increases and program changes cannot be made without thorough consideration of our unspent authorized budget.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Pam Nickell, District Board Secretary, Clearfield Community School District, P.O. Box 99, Clearfield, Iowa, 50840.

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
 YEAR ENDED JUNE 30, 2006

Net change in fund balances - total governmental funds (page 17) \$ (7,375)

***Amounts reported for governmental activities in the
 statement of activities are different because:***

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are not reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlays expenditures exceeded depreciation expense in the current year, as follows:

Capital expenditures	\$ 43,178	
Depreciation expense	(21,748)	21,430

Net change in Internal Service Funds charged back against expenditures made for self-funded insurance at an entity-wide basis. (3,215)

Income surtax account receivable is not available to finance expenditures of the current year period in the governmental funds. 5,689

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in the governmental funds, as follows:

Compensated absences	1,864	
ISEBA Assessment	(38)	1,826

Changes in net assets of governmental activities (page 14) \$ 18,355

SEE NOTES TO BASIC FINANCIAL STATEMENTS.

CLEARFIELD COMMUNITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2006

(1) Summary of Significant Accounting Policies

The Clearfield Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through sixth and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the City of Clearfield, Iowa, and the predominate agricultural territory in Ringgold and Taylor Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Clearfield Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The Clearfield Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Ringgold and Taylor County Assessors' Conference Board.

B. Basis of Presentation

Government-wide financial statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net assets use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net asset consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The Special Revenue - Management Fund is utilized to account for the payment of property insurance and early retirement benefits.

The Special Revenue - Physical Plant and Equipment Levy(PPEL) Fund is used to account for resources used in building improvements and equipment purchases.

The District's proprietary fund is the School Nutrition Fund. The School Nutrition Fund is used to account for the food service operations of the District.

C. Measurement Focus and Basis of Accounting

The Government-wide financial statements and the proprietary and fiduciary fund financial statements are reported using the "economic resources measurement focus" and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred,

regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Balances

The following accounting policies are followed in preparing the balance sheet:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the Government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2005.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, machinery and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide statement of net assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ 3,000
Buildings	3,000
Land improvements	3,000
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	3,000

Property, machinery and equipment are depreciated using the straight line method of depreciation over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	50 years
Land improvements	20 years
Machinery and equipment	5-12 years

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Compensated Absences - District employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2006. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

Fund Balances - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the Government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2006, no expenditures exceeded the amount budgeted.

(2) **Cash and Pooled Investments**

The District's deposits at June 30, 2006 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit of other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2006, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	Amortized Cost
Diversified Portfolio	\$ 359,764

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investments in the Iowa Schools Joint Investment Trust were both rated Aaa by Moody's Investors Service.

(3) Capital Assets

Capital assets activity for the year ended June 30, 2006 is as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities:				
Capital assets being depreciated:				
Buildings	\$ 142,542	0	0	142,542
Land improvements	23,002	43,178	0	66,180
Machinery and equipment	191,555	0	0	191,555
Total capital assets being depreciated	357,099	43,178	0	400,277
Less accumulated depreciation for:				
Buildings	142,542	0	0	142,542
Land improvements	5,750	4,260	0	10,010
Machinery and equipment	116,617	17,488	0	134,105
Total accumulated depreciation	264,909	21,748	0	286,657
Governmental activities capital assets, net	\$ 92,190	21,430	0	113,620
Business-type activities:				
Machinery and equipment	\$ 8,015	0	0	8,015
Less accumulated depreciation	6,262	239	0	6,501
Business-type activities capital assets, net	\$ 1,753	(239)	0	1,514

Depreciation expense was charged by the District as follows:

Governmental activities:	
Instruction:	
Regular	\$ 3,035
Support services:	
Transportation	14,453
	<u>17,488</u>
Unallocated depreciation	4,260
	<u>21,748</u>
Total governmental activities depreciation expense	<u>\$ 21,748</u>
Business-type activities:	
Food services	<u>\$ 239</u>

(4) Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2006 is as follows:

	Balance Beginning of Year	Additions	Deletions	Balance End of Year	Due Within One Year
Compensated absences	\$ 300	338	300	338	338

(5) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the District is required to contribute 5.75% of annual payroll. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2006, 2005, and 2004 were \$31,894, \$33,171 and \$34,081, respectively, equal to the required contributions for each year.

(6) Risk Management

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(7) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$34,830 for the year ended June 30, 2006 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

CLEARFIELD COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2006

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standard Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except private-purpose trust and agency funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis. Encumbrances are not recognized on the GAAP basis budget and appropriations lapse at year end.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides District expenditures in the general Fund may not exceed the amount authorized by the school finance formula. During the year ended the District adopted one budget amendment increasing the budgeted amount in the other expenditures function by \$74,080.

Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Education of the
Clearfield Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Clearfield Community School District as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated October 26, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Clearfield Community School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the District's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part I of the accompanying Schedule of Findings.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item I-A-06 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clearfield Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings and Questioned Costs.

Members American Institute & Iowa Society of Certified Public Accountants

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and citizens of Clearfield Community School District and other parties to whom Clearfield Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Clearfield Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

NOLTE, CORNMAN & JOHNSON, P.C.

October 26, 2006

CLEARFIELD COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2006

Part I: Findings Related to the General Purpose Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

I-A-06 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. Cash receipts are issued and bank deposits are prepared by the same person. An independent person does not open the mail and prepare an initial of the checks received and later compare the listing to the receipts issued. Also, vouchers are processed, disbursements are recorded, and checks are prepared by the same person.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However the District should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - We will investigate available alternatives and implement as soon as possible.

Conclusion - Response accepted.

I-B-06 Checks Outstanding - We noted during our audit that the District had checks included in the bank reconciliation which have been outstanding for over a year.

Recommendation - The District should research the outstanding checks to determine if they should be re-issued, voided or submitted to the Treasurer of Iowa as unclaimed property.

Response - We will comply.

Conclusion - Response accepted.

CLEARFIELD COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2006

Part II: Other Findings Related to Statutory Reporting

- II-A-06 Certified Budget - District expenditures for the year ended June 30, 2006, did not exceed the amount budgeted.
- II-B-06 Questionable Disbursements - We noted no disbursements that may not meet the requirements for public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-C-06 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- II-D-06 Business Transactions - Business transactions between the District and District officials were noted as follow:

Name, Title and Business Connection	Transaction Description	Amount
Dean Spurrier, Board Member Owner of Spurrier's Station	Fuel	\$7,738
Amy Whittington, Principal Spouse owns Power and Repair	Services	\$398
Bob Cameron, Board Member Owns Cameron Computer	Services	\$185
Keith Bennett, Para Spouse owns Kab Electric	Services	\$680

In accordance with Attorney General's Opinion dated November 9, 1976, the above transactions with the spouses of the employees do not appear to represent a conflict of interest.

In accordance with 279.7A of the Code of Iowa, the above transactions with Bob Cameron does not appear to represent a conflict of interest; however, the above transactions with Dean Spurrier may represent a conflict of interest.

Recommendation - The District should consult legal council to determine if the transaction with Dean Spurrier represents a conflict of interest.

Response - This issue has been resolved, the Board Member no longer owns the business.

Conclusion - Response accepted.

- II-E-06 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

II-F-06 Board Minutes - We noted no transactions requiring Board approval which have not been approved by the Board.

II-G-06 Certified Enrollment - We noted that the number of basic resident student reported to the Iowa Department of Education on line 7 of the Certified Enrollment Certification Form for September 2005 was understated. The District's certified enrollment count on line 1 was overstated by 1 student. This resulted in understating the total actual enrollment at line 7 by 1 student.

Recommendation - The District should contact the Iowa Department of Education and the Department of Management to resolve this matter.

Response - We will contact the Department of Education and Department of Management to resolve this matter.

Conclusion - Response accepted.

II-H-06 Deposits and Investments - We noted no instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.

II-I-06 Certified Annual Report - The Certified Annual Report was not properly certified to the Iowa Department of Education by October 13, 2006.

Recommendation - In the future, the District should ensure the Certified Annual Report is timely certified to the Iowa Department of Education.

Response - In the future, the Certified Annual Report will be filed in a timely manner.

Conclusion - Response accepted.
